

# MITHUN P

## About Me

I'm a Certified NDT Technician with a strong ambition to grow professionally. Skilled in non-destructive testing methods including RT,PT ,with a commitment to quality assurance and safety compliance. Eager to contribute to a dynamic team and advance within the NDT and inspection industry.

## Experience

Sai NDT and hearttreaters pvt ltd - Mumbai 2023-2024

- Implement Radiographic Testing (RT) protocols following ASME B 31.3 standards.
- Collaborate with team members to accelerate and ensure accurate execution of tasks.
- Prioritize and proficiently handle critical and urgent assignments to maintain workflow efficiency.

Hitachi astemo pvt ltd- Bangalore 2018 - 2021

- Launched and led a Kaizen initiative aimed at improving quality, optimizing manpower, and enhancing time efficiency.
- Effectively championed and implemented the integration of two machines, resulting in decreased manpower needs, streamlined production cycles, and improved quality standards.
- Overcame obstacles, notably achieving desired cycle times, resulting in acknowledgment from the company's Asia regional leader
