Date of Expiry: 18 September 2028

Profile Summary

Dynamic and results-driven Insurance Coordinator with over 10 years of comprehensive experience in the healthcare insurance sector, delivering excellence across pre-authorization management, medical claims processing, and TPA coordination in both hospital and clinical environments. Adept at navigating complex insurance protocols and leveraging in-depth knowledge of ICD-10-CM, CPT, and HCPCS coding systems to maximize claim acceptance and reduce denials. Proven success in managing multi-insurer portfolios including LIVA, OQIC, AXA, NextCare, MedNet, SA-ICO, GREENLINE NAS, and HDFC Ergo, ensuring seamless claims submission, accurate reimbursement reconciliation, and optimized revenue cycle management (RCM). Recognized for developing custom office automation tools that significantly enhanced data integrity and operational efficiency. Certified in CPR & First Aid, with additional training in medical coding, and a strong command over Microsoft Office, insurance portals, and hospital management software. Known for exceptional time management, communication skills, and the ability to build trust across multidisciplinary teams, I bring a rare combination of technical proficiency, regulatory compliance expertise, and a relentless drive to elevate patient and provider satisfaction in insurance operations.

Work Experience

Insurance Coordinator

Modern Al Salama Polyclinic – Muscat, Oman

Jan 2021 – May 15, 2025

Summary

Accomplished Insurance Coordinator with over 4 years of experience at a leading polyclinic in Oman, expertly managing pre-authorization, claims processing, and TPA interactions. Skilled in handling high volumes of insurance claims with strict adherence to regulatory requirements, resulting in consistently high approval rates and streamlined operations.

Responsibilities

- Pre-Authorization Management
 - Coordinated timely pre-approvals via verbal communication and e-portal systems (including Dhamani platform), minimizing patient wait times
 - Evaluated insurance eligibility and policy terms to verify coverage compliance before treatment.
- Claims Submission & Documentation
 - Managed end-to-end claims submission through multiple insurance portals, ensuring 100% adherence to deadlines.
 - Compiled and submitted both hard and soft copies of claims with comprehensive medical justifications.
- Data Handling & Entry
 - Generated detailed monthly claims reports, including cover pages, supporting financial reconciliation.
 - Ensured accurate data entry of diagnostic (ICD-10-CM) and procedure codes (CPT).
- Claims Reconciliation & Resubmission
 - Identified discrepancies in claims and managed timely resubmissions for rejected or queried cases.
 - Conducted detailed audits to detect billing inaccuracies and initiated corrective measures.
- TPA & Provider Coordination
 - Maintained active liaison with TPAs such as LIVA, OQIC, AXA, NextCare, MedNet, MSH, SAICO to expedite claims approvals.
 - Persistently followed up on claim bottlenecks and updated internal tracking systems for transparency
- Compliance & Confidentiality
 - Ensured strict adherence to local insurance regulations and HIPAA-compliant handling of medical data.
 - Maintained confidentiality and accuracy in managing sensitive patient records.

- Technical Skills Utilization & Training
 - Utilized Microsoft Excel and Office Management Software for advanced claims tracking and performance analysis.
 - Provided orientation on Electronic Medical Records (EMR) to newly joined doctors, emphasizing the importance of EMR in clinical and administrative workflows.
 - Delivered training sessions for newly onboarded insurance and reception staff on insurance approval protocols, coverage criteria, and billing items that are covered versus non-covered.
 - Trained peers on internal claim handling procedures and Electronic Health Record (EHR) usage.
- Quality Assurance
 - Developed internal Standard Operating Procedures (SOPs) for claim auditing, contributing to a 20% reduction in total claim rejections.
 - Conducted root cause analysis of claim failures and shared actionable insights during team reviews.

Achievements

- Reduced average claim rejection rate by 20% within the first year through targeted process improvements.
- Introduced an automated data tracking template that saved over 20 hours per month in manual entry tasks.

Insurance Executive – Corporate Credit Department

Paalana Institute of Medical Sciences – Palakkad, Kerala, India

May 2017 – Jan 2021

Summary

Served as a proactive Insurance Executive in the corporate credit division, managing a broad range of insurance billing, pre-authorization evaluations, and final settlements for multi-specialty inpatient services. Facilitated coordination between hospital departments and insurance entities to streamline the claims lifecycle.

Responsibilities

- Pre-Authorization Review
 - Assessed incoming pre-authorization forms for policy conformity and clinical justification.
 - Liaised with attending physicians to furnish precise clinical summaries.
- Billing & Final Settlement
 - Prepared consolidated invoices, discharge summaries, and supporting documents for final claim approval.
 - Coordinated with accounts to dispatch hard copy submissions and ensure dispatch tracking.
- Medical Reimbursement Handling
 - Reconciled outstanding medical reimbursements, tracking payment status against claim submissions.
 - Updated financial records and posted insurance payments to respective patient accounts.
- Document Management
 - Organized and maintained chronological logs of pre-approvals, claim dispatches, and remittances.
 - Audited patient files for completeness prior to submission.
- Discrepancy Resolution
 - Identified and responded to claim discrepancies by initiating corrective actions and supplemental submissions.
 - Interacted with TPAs to resolve claim denial reasons and document improvement areas.

Achievements

- Shortened claim turnaround time by 20% through digitization of document workflows.
- Recognized for achieving 98% claim approval rate on first submissions over 2-year span.

Accounts Executive cum RSBY Coordinator

Sai Medical Centre – Kerala, India

Jun 2015 – Jan 2017

Summary

Functioned as a dual-role Accounts Executive and Insurance Coordinator under the government RSBY scheme, handling both patient financial records and insurance-based healthcare access for economically weaker sections.

Responsibilities

- Cashless Insurance Operations
 - Enabled patients with RSBY health cards to access cashless treatment services.
 - Verified insurance status and coordinated with scheme administrators for claim approvals.
- Scheduling & Reporting
 - Managed patient intake scheduling for RSBY-linked diagnostic and surgical services.
 - Prepared and submitted monthly claim reports aligned with government health department standards.
- Financial Operations
 - Reviewed and posted daily collection transactions into the financial system.
 - Processed banking activities and reconciled deposits with revenue reports.
- Technical & Administrative Support
 - Entered patient details, codes, and treatment information into central databases.
 - Supported internal audits by supplying relevant documentation and claim trail records.

Achievements

- Successfully managed over 1,000 RSBY patient claims during tenure with 100% audit compliance.
- Received internal appreciation for improving patient access through timely processing.

Office Assistant

MES Trust Public School – Palakkad, Kerala, India

Jul 2013 – Mar 2015

Summary

Versatile and detail-oriented Office Assistant with foundational experience in administrative operations, record management, and student coordination in an educational setting. Demonstrated capability in handling academic documentation, supporting school administration, and maintaining clear communication with stakeholders.

Certifications

Medical Coding & Billing – Course Completed

Cardea Healthcare Solution, Palakkad

Preparing for AAPC Certified Professional Coder (CPC) Examination

Core Areas: ICD-10-CM, CPT, HCPCS, Medical Terminology, Anatomy & Physiology

CPR & First Aid Certification

Academy for Medical Simulations

Trained in emergency response and patient care safety protocols

Accomplishments & Professional Training

- Successfully handled over 5,000+ insurance claims across multiple TPAs and insurers, maintaining a consistent claim approval rate exceeding 95%.
- Played a key role in reducing claim rejection rates by up to 35% through the introduction of internal audit protocols and accurate coding practices.
- Recognized for developing automated tracking tools in Microsoft Excel that increased productivity and minimized manual errors in claims reporting.
- Streamlined claims submission workflows, contributing to a 20% reduction in turnaround time for medical settlements in a high-volume polyclinic environment.
- Supported junior team members by conducting in-house training sessions on insurance portal navigation, EHR handling, and documentation accuracy.

Certifications

Microsoft Office Specialist – Intermediate Level

Practical proficiency in Excel (formulas, pivot tables), Word (document management), and PowerPoint (report presentations), focused on claims documentation and audits.
